Hakkımızda

APSAN BİJON, 1974 yılında kurulmuş olup yarım asra yaklaşan tecrübesiyle yolcu araçları ile hafif ve ağır vasıtalar için bijon üretiminde sektörün önde gelen imalatçıları arasında yer almaktadır.

Sektördeki köklü deneyimi doğrultusunda teknolojik yatırımlarını sürekli yenileyen ve AR-GE çalışmalarına büyük önem veren firmamız, kalite odaklı üretim anlayışıyla pazardaki payını istikrarlı biçimde artırmaktadır.

4.000 m² kapalı fabrika alanında faaliyet gösteren APSAN BİJON; aylık 150.000 adet ağır vasıta, 600.000 adet hafif vasıta ve yolcu aracı bijon üretim kapasitesi ile otomobil, kamyon, treyler, otobüs, minibüs gruplarının yanı sıra biçerdöver ve tarım makineleri için de geniş bir ürün yelpazesi sunmaktadır.

Üretiminin %40'ını iç pazara, %60'ını ise ihracata yönlendiren firmamız, ülke ekonomisine katma değer sağlamaya devam etmektedir.

APSAN BİJON; müşteri memnuniyeti, verimlilik, güvenlik ve sürdürülebilir üretkenlik ilkeleri doğrultusunda hedeflerine kararlılıkla ilerlemektedir.

About Us

APSAN BİJON was established in 1974 and, with nearly half a century of experience, is recognized as one of the leading manufacturers of wheel bolts for passenger vehicles as well as light and heavy-duty vehicles.

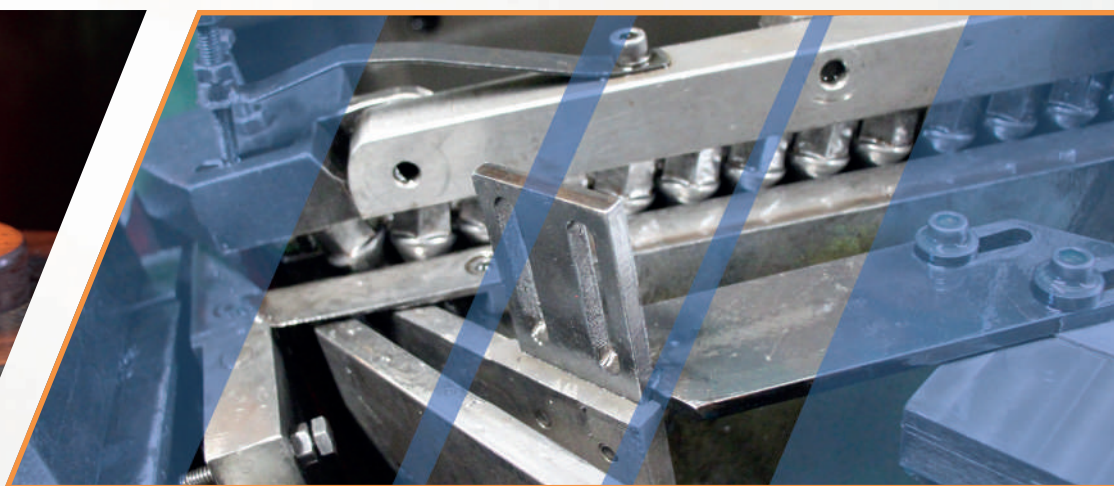

With its long-standing industry expertise, our company continuously updates its technological investments and places great importance on R&D activities. Through a quality-oriented production approach, APSAN BİJON steadily increases its market share both domestically and internationally.

Operating in a 4,000 m² production facility, APSAN BİJON has a monthly production capacity of 150,000 heavy-duty wheel bolts and 600,000 light-duty and passenger vehicle wheel bolts. Our extensive product range serves automobiles, trucks, trailers, buses, minibuses, as well as harvesters and agricultural machinery.

While 40% of our production is supplied to the domestic market, 60% is exported, contributing significant added value to the national economy.

APSAN BİJON moves confidently toward its goals in line with the principles of customer satisfaction, efficiency, safety, and sustainable productivity.
